

# Corporate Style Guide

Identity and brand standards

Version 3.1 | August 2018

# Introduction

The purpose of this document is to establish and maintain a strong and consistent style for the Loc8 brand. It is recognised that there will be materials produced which are outside these guidelines, but the general format should be followed wherever possible. If you have any questions with regard to any of the information presented in this guide, please email the marketing department via [marketing@loc8.com](mailto:marketing@loc8.com).

# Take control of your business

Whether you own or manage assets, you need an effective asset maintenance tool that gives you total control and visibility of your asset estate.

Alternatively, if you are a service provider or a subcontractor you want a powerful yet easy-to-use mobile job management & maintenance control tool, perhaps with a customer help desk feature for managing your reactive maintenance calls.

## Welcome to Loc8

Our configurable and feature-rich platform, Loc8, is a unique solution that seamlessly combines asset management, planned and reactive maintenance with field service management, delivered online and through our intuitive mobile applications.

Confidently used by businesses large and small around the globe, Loc8 is renowned for its easy integration with a wide range of other third party platforms, saving our users valuable time and expense by automating many business processes.

# About Loc8

Established in 2011, with a corporate lineage dating back over the preceding decade, Loc8 is a specialist software developer and vendor dedicated to its in-house 'Loc8'-branded technology platform.

The Loc8 platform comprises of a suite of highly configurable, web browser and mobile device solutions for the management of all tasks involving: assets; incidents / faults; reactive & scheduled maintenance management; field service job / work order management; and mobile workforce management.

Although Loc8 is an Australian company with headquarters in Melbourne, the company has a global reach. Loc8 is active across a broad range of industries as diverse as: commercial & public facilities management; transportation & logistics; resources, energy & mining; education; performing arts & entertainment; traffic management health; manufacturing; retail; defence and government.

Loc8 can be delivered through the company's own online public cloud service, its enterprise private cloud service, or as a traditional software solution installed on customers' own hardware.
